

10 Liter Oxygen Concentrator OZ-5-01GW0

Oxygen Concentration

-Purity Of oxygen reaches $93\% \pm 3\%$

Multiple Ways to use

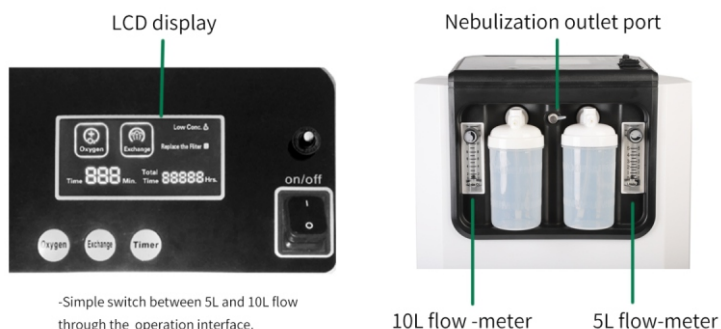

- It comes with two flow-meters having flow from 0-5 liter and 0-10 liter per minute, it can deliver 5LPM oxygen with two persons at the same time, and can deliver 10LPM with one person.
- It also has atomization function

Safety

- The machine has audiovisual alarm for power failure, low oxygen level, low pressure

10 Liter Oxygen Concentrator OZ-5-01GW0

Product Details

-Simple switch between 5L and 10L flow through the operation interface.

Product Specifications

Flow Specification Total	10 LPM (Dual 5 LPM each)
Oxygen Concentration	$93\% \pm 3\%$
Power Consumption	750 Watts
Average Noise Level	$\leq 60\text{dB(A)}$
Dimensions (mm)	390*350*720MM
Weight	29.5KG
Warranty	2years
